Beam	1.9m	Tube width	18"	Max Engine	90hp	Max Persons	6

This popular sporty rib has been designed to be versatile and economical. Suitable for the everyday rib user in the pleasure, dive, and rescue rib markets. This rib can deliver performance with stability and safety. It is small enough to tow behind a small family car and not need a braked trailer. Roomy enough to allow 4 divers and driver plus equipment to use comfortably. With a standard 50hp engine this rib can reach 40mph. With a 4 stroke or E-tec engine the average fuel consumption is 2-3 gallons per hour. This rib has proved popular with training schools and clubs for its ease of launching and sea handling properties. This boat is a hand made quality constructed rib. This boat can be launched on a launching trolley by two people – ideal for sailing clubs. That's what makes the difference in terms of quality and finish. Gfp hull and Henshaw hypalon tubes both hull and tube colour of your choice. Average build time 4 weeks from agreed boat schedule build slot.
